# Google Classroom on a Computer

## 1: Making an Account

*If you already have a Google Account, you can skip these instructions.*

1. Open up your **internet browser** by clicking on the internet icon. (This could be **Firefox**, **Google Chrome**, **Internet Explorer**, etc., whichever internet explorer you use most often.)

2. In the toolbar of your internet browser, **type in the following URL**: [classroom.google.com](https://classroom.google.com) and **press enter**.

3. Click the  button in the middle of the page.
4. Create a Google Account by clicking on the [Create account](#) link.
5. On the right side of the page, **fill in the necessary information to create your Google Account**. You will have to choose your own username and password. (*It is recommended to write this information down elsewhere so that you don't forget it.*)

The image shows a two-column form for creating a Google Classroom account. The left column contains empty input fields, while the right column, titled '(Example)', contains the same fields filled with sample data. Arrows point from text labels to the example fields.

| Field Label                | Example Value                 |
|----------------------------|-------------------------------|
| Name (First/Last)          | Corris / Kaapehi              |
| Choose your username       | ckaapehieduventures@gmail.com |
| Create a password          | .....                         |
| Confirm your password      | .....                         |
| Birthday (Month/Day/Year)  | April / 10 / 1985             |
| Gender                     | Male                          |
| Mobile phone               | +264813065577                 |
| Your current email address | ckaapehi@gmail.com            |
| Location                   | Namibia (Namibië)             |
