SM-A: Photovoice Protocol

SETUP

1. Define photographers: The Mioritics volunteers
 - a. Our designated photographers participating in this method are the Mioritics Association volunteers who are already active in the organization (six individuals in the 14-25 age range).
2. Brief Volunteers on their task - go over this protocol during a Zoom meeting so that they are familiar with the process
 - a. Go over instructions to avoid taking photographs with any identifying features of other people
3. Ensure proper photograph release forms and participation consent/assent forms are signed by the volunteers or their parents for volunteers under the age of 18.
4. Photographers will submit one picture per prompt provided.

PHOTOGRAPH PROMPTS

1. Take a picture of a place where you frequently spend free time with friends.
2. Take a picture of a place you go to spend time outdoors.
3. Take a picture of a location that makes you feel proud of Râșnov
4. Take a picture of a location where you feel you belong.

PROMT SCHEDULE

1. Photographers will receive the prompts once our methods are approved by IRB and the volunteers are briefed on this protocol.
2. They will be expected to submit their photographs before March 15th.

PHOTOGRAPH COLLECTION AND ORGANIZATION

1. Volunteers will be asked to submit photographs via WhatsApp by sending them directly to Allan Anderson. Photo files will each be named with the number of the prompt with which they are associated.
2. Photographs will be saved to a Google Drive folder managed by the WPI Research Team and cataloged by prompt and photographer.

DISCUSSION GUIDE:

1. Photographs will be presented on slides for both the WPI Research Team and participants to view
2. Volunteers will be encouraged to discuss the content of the photos and their meaning
3. Our team and the participants will discuss common themes that emerge in each of the prompted photo categories
4. Discussion Questions (for each photograph):
 - a. Why is this location important to you?
 - b. How often do you visit this location?
 - c. What do you do here?
 - d. Who do you go with?

- e. Share a fond memory of this location
 - f. What feelings do you associate with this place?
 - g. If a cultural/community event was hosted here, how would your feelings towards the place change if at all?
 - i. What events would you like to have here?
 - ii. Are there any that you do not want to have here?
5. Wrap-up Questions:
- a. Were there any places around Râșnov that you were surprised were not pictured?
 - b. Were any of the prompts especially difficult to find a location that fit the category?
6. Photos of locations and activities most frequently discussed will be used in the display mapping protocol

PICTURE CONTENT ANALYSIS

1. The research team will code the discussion to find common activity and location themes that will develop an understanding of where and how Râșnov youth spend their free time

SM-B: Photovoice Participation and Photographic Release Consent Form (18+)

We are a team of student researchers (Ella Agran, Allan Anderson, Sean Corman, Ben France, and Lilly Gallinoto) from Worcester Polytechnic Institute (WPI) in the United States. We are working with the Mioritics Association in Râșnov to better understand the interests and activities of young people in Râșnov so that the Mioritics Association can create engaging community cultural events for residents ages 14-25. We are asking if you consent to participate in a research activity. Participation in this study would include taking and submitting several photographs of places that young people are interested in around Râșnov, meeting with us to discuss these photos, and helping us talk to young people in the community. These activities will take place over the next five weeks and are voluntary. If you agree to participate, you may . . .

- Choose not to take or share any of the photos they take
- Choose not to discuss any photos they do not feel comfortable sharing
- Choose to stop participating in the research and events if they do not want to continue

We do not anticipate any risks in participating. Although we will write up the results of our research, you will not be mentioned by name in our report, which will be posted on our university website, and we will not publish any photos that identify who the participants are. We will instruct participants not to take photos on private property without permissions and not to include people's faces or identifying features in any of the pictures.

This research will benefit youth by helping the Mioritics Association create cultural events for youth in Râșnov. You might enjoy meeting other young people and helping to plan these activities, which are voluntary and non-paid.

I, _____, consent to participate in this research project with the WPI Research Group. I acknowledge that my name will not be used in the final report and that my photos may be used or modified for use in the reports.

If you have any questions or comments regarding this study. Please contact the team via email at gr-youth@wpi.edu. If you would like to receive a copy of the report or have any other questions about the study, please contact the project advisor, Lorraine Higgins, at ldh@wpi.edu or our Mioritics Association collaborator Mihai Dragomir at mihai@mioritics.ro.

I acknowledge that I have read and understood the above study expectations and grant my consent to participate in this research project.

SM-D: Verbal Consent Script for Intercept Surveys

For over 18 participants, to be read aloud before conducting an survey or mapping activity:

“We are a team of student researchers from Worcester Polytechnic Institute (WPI) in the United States. We’re working with the Mioritics Association to better understand the interests and activities of young people in Râșnov so that the Mioritics Association can create engaging community cultural events for residents ages 14-25. We’re asking for your help by answering a few survey questions about places you like to go and activities you like to do in Râșnov. You can share as much or as little information as you would like, and you can end the survey at any time with no penalty. We may use your responses in a report published by WPI and/or the Mioritics Association, but your name will not be associated with your contributions. Would you like to participate in this survey?”

If the response is *affirmative*, proceed to conduct the survey.

SM-E: Survey Consent Form

We are students (Ella Agran, Allan Anderson, Sean Corman, Ben France, and Lilly Gallinoto) from Worcester Polytechnic Institute (WPI) in the United States. We are working with the Mioritics Association to better understand the interests and activities of young people in Râșnov so that the Mioritics association can create engaging community cultural events for residents ages 14-25. We are asking if you consent to your child participating in a 5-10 minute survey about their interests and activities in Râșnov.

This survey is voluntary; your child can skip over any questions if they don't want to answer or end the survey at any point. We may share our findings from these surveys but will not name your child when we write our report, which will be published on our university website and shared with the Mioritics Association.

Participation in this activity poses little to no risk to the participant as the participants names will not be shared and any identifying information will not be used in our report.

This activity is non-paid but will help to improve local cultural events for youth in Râșnov. As a gesture of gratitude from the WPI Research Group and the Mioritics Association, participants will be invited to a youth social event with music and complimentary food and beverages hosted by the Mioritics Association on Friday, April 5th. They are not obligated to attend, but if they want to, they will need to bring a permission form later signed by you.

If you agree to let your child participate in today's survey, please sign below.

I _____ consent to having my child _____ participate in this survey with the WPI Research Group. I acknowledge that my child's responses may be used in the final report but that their contributions will not be associated with their name.

If you have any questions or comments regarding this study. Please contact the team via email at gr-youth@wpi.edu. If you would like to receive a copy of the report or have any other questions about the study, please contact the project advisor, Lorraine Higgins, at ldh@wpi.edu or our Mioritics Association collaborator Mihai Dragomir at mihai@mioritics.ro.

I acknowledge that I have read and understood the above study expectations and grant my consent to have my child participate in this research project.

For Participant under 18:

Do you agree to participate in this survey, which we just described to your parent/s?

SM-F: Intercept Survey Protocol

Before the survey:

1. Before March 30th, get permission to use the space (supermarket parking lot) from the supermarket director with the help of our collaborator
2. Prepare a note sheet with space to record multiple-choice answers and long-response answers
3. Prepare resources such as clipboards, pens, and consent forms.

The survey (March 30th & 31st):

1. WPI researchers and Mioritics volunteers meet outside the market at 12:00 EET
2. Split into groups of 3, consisting of 1 or 2 of the WPI researchers and 1 or 2 Mioritics Volunteers
3. One of the Mioritics volunteers will approach a potential interviewee—and their parents if they are under 18—introducing the WPI researchers and the purpose of the survey
4. Attain written or verbal consent from those ages 18-20, and written consent from the parents of those ages 14-17 before starting the survey, providing a Romanian translation if needed
5. Conduct the survey with the interviewer recording short answer responses and another group member serving as the dedicated note-taker focusing on the longer responses

Ending the survey:

1. Thank the interviewee for participating
2. Provide a flyer for our future event on April 5
3. Interviewers quickly discuss key takeaways from the survey while another group continues to recruit interviewees

SM-J: Consent for Event Participation

We (Ella Agran, Allan Anderson, Sean Corman, Ben France, and Lilly Gallinoto) are students from Worcester Polytechnic Institute (WPI) in the United States. We are working with the Mioritics Association to better understand the interests and activities of young people in Râşnov so that the Mioritics Association can create engaging community cultural events for residents ages 14-25. We are asking if you consent to your child participating in a fun research and planning event to find out about their interests and activities in Râşnov during a teen social gathering hosted by the Mioritics Association. Teens will be creating a map of the places and activities that interest them in Râşnov and suggesting the kinds of events they would Mioritics to organize for teens in the future.

Attendance at the event is voluntary; participants can join as many of the activities and discussions as they would like and are free to leave or skip any of the activities at any time. We will be summarizing the key ideas that the young people share at this event in a report posted on our university website, though none of the participants will be identified by name.

Please sign below if you agree to your child _____ participation in the event on April 5th.

SM-K: Interactive Mapping Activity Instructions

Before the activity

- Ask yourself these questions
 - a. What are my favorite places in Râșnov?
 - b. What do I like to do at these places?

Beginning of activity

- Look at the places pictured around the map. Are any of the places you thought about shown in the pictures?
 - c. If the place you thought about is in one of the pictures, proceed to section mapping with picture
 - d. If the place you thought about is not in any of the pictures, proceed to section mapping without picture

Mapping with picture

1. Look at the icon next to the picture
2. Find the matching icon on the map
3. Recall the activity you like to do in this location
 - a. Look at the table at the bottom of the instructions to select the proper pin color
4. Place the pin on the map next to the icon
5. Proceed to end of activity

Mapping without picture

1. Select one of the tags with string
2. Write the name of the location on the tag using the markers provided
3. Recall the activity you like to do at your chosen location
 - a. Look at the table at the bottom of the instructions to select the proper pin color.
4. Place the string against the map where your place is located and stick the pin inside the loop
5. Proceed to end of activity

End of activity

- If there are more locations or activities you'd like to share, you may complete the activity again!

Pin colors

Activity	Pin Color
Playing sports or other physical activities	Red
Spending time alone	Orange
Hang out with friends	Yellow
Artistic activities (painting, photography, writing, etc.)	Green
Spending time in nature	Blue
Attending large group events (concerts, movies, plays, etc.)	Pink
Other	White

SM-L: Pick-a-Side Activity Instructions

Participant instructions:

1. Find a group of 4-6 participants
2. Line up with space to move left or right
3. After each prompt decide which answer you resonate most strongly with and all together move to the corresponding side for each question

Prompts:

1. Do you prefer a fun event that is Indoors or Outdoors?
2. Would you prefer an event during the afternoon or evening?
3. Would you prefer an event on a weekday or weekend?
4. Would you rather watch a movie or make a craft?
5. Do you prefer to spend time with a group of 5 or fewer friends, or 5+ friends?
6. Would you rather go hiking or play a sport?
7. Would you prefer an event that is free and open to the public or paid and private?
8. Would you rather attend a workshop to learn a new skill or practice one you already know?

SM-M: “Build-Your-Own-Event” Activity Instructions

During the activity

1. Look through the “meat” cards to select the activity for your perfect event. If the activity is not listed on one of the premade cards, write it on the blank “meat” card using a dry-erase marker.
2. Repeat this process with each category to create the event.
3. If there is anything else that does not fit in a pre-assigned category, use the blank “condiment” cards to write it in.
4. Organize the cards vertically on the table to resemble a complete burger.

Ending the activity

- Ask participants:
 - Have you been to a similar event?
 - Do you know of any events that are similar?
 - Would you be interested in helping to actually create this event?
- Team and volunteers:
 - Record the created events (“burgers”) by photographing the vertically-oriented cards. These images will be analyzed later as data for the youth profile.
